PEPTONISED MILK

Is the Ideal Food in Fevers.

It presents a thin, fluid food, incapable of forming curds, containing no indigestible matter to obstruct or irritate the digestive tract.

It holds in perfect solution every element of nutrition, perfectly fitted for absorption. It is a food and a beverage. It is easily and economically prepared with FAIRCHILD'S PEPTONISING TUBES.

Practical Recipes and samples sent gratis.

FAIRCHILD BROS. & FOSTER,

82 and 84 Fulton Street, New York.

Saliva changes Starch Foods to Dextrine & Sugar.

Gastric Juice ... { Proteids (Meat, Egg &c) to Peptone in acid medium.
Milk Casein Curdled.

Pancreatic Juice ... { Proteids (Meat, Egg, Milk &c) to Peptone in alkaline or neutral medium.
Milk Casein Curdled.
Starch Foods to Dextrine & Sugar.
Fats Emulsified.

Papoid gives the combined action of Saliva, Gastric & Pancreatic Juice.

Digests all kinds of Food. Acts under all conditions.
Acts all the time the food is in the body.
Is a tonic to the digestive organs.

Johnson & Johnson.
Chemists. N.Y.

Before the Medical Profession almost 30 years, and invariably gives uniform satisfaction.

We respectfully ask thorough testing, strictly ***upon its own merits,*** to prove the exceptionally high reputation it holds.

Owing to correspondence on the subject, we regret being compelled to caution, that inferior Coca preparations are frequently substituted upon patients, and, as we do not advertise to the public, physicians will kindly be particular to insist on

VIN MARIANI

FORMULA: "VIN MARIANI" is the concentrated extractive of the fresh leaf Erythroxylon Coca, blended with a special quality of Bordeaux Wine. Each half-litre bottle contains the medicinal properties of two ounces of selected leaves.

DOSE: Usually a wine-glassful three times a day, half an hour before meals or immediately after. Increased or diminished, at discretion of the physician.

INDICATED: As a pleasant, mild stimulant, without unpleasant reaction; a diffusible tonic; a strengthener of the nervous system, with especial good effect on the digestive and respiratory organs; convalescence and enfeebled conditions. Effect is immediate and lasting.

NOTE: Extensively used in Hospitals, Cliniques, and private practice, its merits are recorded by the medical press of Europe and America. Uniform excellence and recognized efficacy won the absolute confidence and esteem of every physician who subjected it to test, and it may be affirmed that wherever Coca is indicated "Vin Mariani" invariably receives the preference.

The continual increasing demand is a clear proof of the reliance placed in "Vin Mariani" by the Medical Profession, through whom it has been popularized.

We will be happy to forward, post-paid, to any physician mentioning this journal, a handsomely bound book, detailing formulæ, dose, physiological effects and therapeutic indications of Coca, as also other interesting reading matter connected with the subject by European and American observers.

MARIANI & CO.,

PARIS: { 41 Bd. Haussmann; Laboratory, Neuilly s/Seine.

LONDON: 239 Oxford Street.

52 W. 15TH ST., NEW YORK.

THE FIRST RAW FOOD EXTRACT.

(Introduced to the Medical Profession in 1878.)

BOVININE

THE VITAL PRINCIPLES OF BEEF CONCENTRATED.

CONTAINING 26 PER CENT. OF COAGULABLE ALBUMEN.

AN IDEAL FOOD. PALATABLE. KEEPS PERFECTLY.

BOVININE consists of the Juices of Lean Raw Beef obtained by a mechanical process, neither heat nor acid being used in its preparation. The nutritious elements of lean raw beef are thus presented in a concentrated solution, no disintegration or destruction of the albumen having taken place. The proteids in solution amount to 26 per cent. of the weight of the preparation, and give to it the great dietetic value it possesses in all conditions where a concentrated and readily assimilable food is needed.

BOVININE is easily digested and COMPLETELY absorbed from the intestinal tract, thus furnishing an extremely valuable nutrient in Typhoid Fever, after surgical operations in the abdominal regions, in all diseased conditions of the intestinal tract characterized by ulceration or acute and chronic inflammation, and in diarrhœic complaints.

BOVININE, containing as it does all the nutrient properties of lean raw beef in a highly concentrated form, furnishes to the Medical Profession a reliable and valuable aid to treatment in Phthisis, Marasmus of both young and old, in all wasting diseases, in continued fevers, and in supporting treatment.

BOVININE, on account of its BLOOD-MAKING PROPERTIES is *especially* of service after surgical operations, in cases of severe injuries attended with great loss of blood, and in the puerperal state.

BOVININE, for rectal feeding, is unsurpassed in excellence, having been used for weeks continuously with no irritation or disturbance resulting. The most satisfactory results from its use as an enema are obtained by adding to each ounce of **BOVININE** ten grains of Pancreatic Extract and two ounces of water. This should be well mixed and injected slowly. No preparation of opium is necessary in the enema.

SAMPLES will be furnished to any member of the Medical Profession free, carriage paid, upon application to the company.

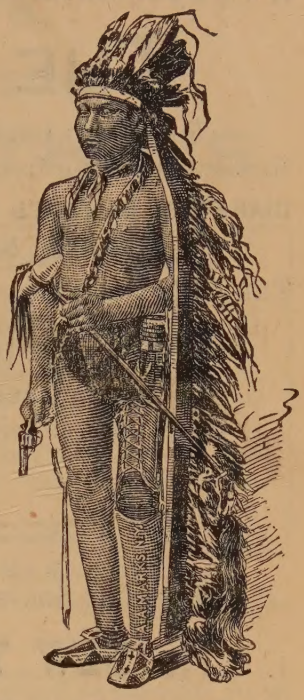
Artificial Arms and Legs with Rubber Hands and Feet.

Marks' Patents.

Over Thirteen Thousand in Use.

The use of rubber hands and feet on artificial limbs simplifies the construction so that limbs can be worn for many years without requiring repairs. Men engaged in every conceivable occupation operate on rubber feet or use their rubber hands to great advantage.



UNITED STATES INDIAN SERVICE.
CHEYENNE RIVER AGENCY, FORT BENNETT, SOUTH DAKOTA.

MR. A. A. MARKS. DEAR SIR.—On September 18, 1889, I performed the operation of amputation of the middle and lower third junction of the left leg on Ceaca Yamni, "Peter Three Thighs," a Sioux Indian attached to this agency. He was a sufferer from necrosis of the tarsus, and a complete invalid—absolutely unable to stand, to say nothing of walking. I did not succeed in getting his consent to operate until I told him about your excellent limbs—how he would be enabled to walk, run, ride, work, etc., and that his deformity would be completely hidden to strangers. In due time the stump healed, and I sent you measurements for his leg. It came by express, and I immediately adjusted it. To my surprise it fitted him perfectly, and at this writing he is going about among the Indians with as much ease and comfort as could be desired, and with the greatest satisfaction both to myself and to himself. Inclosed is his photograph, in war costume, which he sends you with his compliments.

Very respectfully,
Z. T. DANIEL, M.D., Agency Physician.

By a formula furnished by us on request applicants can supply all the data necessary to secure fit and satisfactory results while they remain at home. One-half the legs and arms furnished by us are made from measurements and profiles without our seeing the wearers. This new method is a great convenience for those living at a distance. Fit always guaranteed. A treatise of 430 pages, with 259 illustrations and formula for measuring, sent free of charge. Highest awards received at every exhibition. Address,

A. A. MARKS, 701 BROADWAY, NEW YORK CITY.

Manufacturers of THE STANDARD ELECTRICAL INSTRUMENTS for Physicians', Surgeons', and Family Use.

It is important to us that you mention this Journal.

A Theory Demonstrated in Practice,—

THE URIC SOLVENT.

For NEUTRALIZING and ELIMINATING URIC ACID from the BLOOD and thereby removing from the system the disorders caused by it, viz:

DIABETES, BRIGHT'S DISEASE, CYSTITIS, SCIATICA, GOUT, RHEUMATISM, DROPSY, NEURALGIA, AND DISEASES OF THE HEART.

THE URIC SOLVENT is a rational and very effective remedy for all RENAL DISORDERS and those derangements and diseases arising from a defective action of the kidneys. Physicians will find in the URIC SOLVENT a GREAT HELPER in the treatment of the above complaints, it being free from all poisonous drugs. Dispensed by all reliable apothecaries.

PRICE, $1.00 PER BOTTLE.

For URIC SOLVENT Circular, Formula, Treatment, etc., address,

NEW YORK PHARMACEUTICAL CO.,

BEDFORD SPRINGS, MASS.

TWENTY-FIVE YEARS have established the great reputation of

HAYDEN'S

VIBURNUM COMPOUND

IN THE AILMENTS OF WOMEN

and in obstetric practice; it being superior to ERGOT in any and all cases. THE VIBURNUM COMPOUND of Dr. Hayden *antedates* and excels all other special remedies in the cases for which it is recommended, being *perfectly* safe and prompt in action.

FRELIGH'S TABLETS,

(Cough and Constituent),

FOR THE PREVENTION AND CURE OF

PULMONARY PHTHISIS.

FORMULÆ

Cough Tablets.

EACH TABLET CONTAINS

Morph. Sulph. ($\frac{1}{50}$ gr.), Atropiæ Sulph. ($\frac{1}{100}$ gr.), Codeia ($\frac{1}{50}$ gr.), Antimony Tart. ($\frac{1}{25}$ gr.), Ipecac, Aconite, Pulsatilla, Dulcamara, Causticum, Graphite, Rhus-tox, and Lachesis, fractionally so arranged as to accomplish every indication in any form of cough.

Constituent Tablets.

EACH TABLET CONTAINS

Arsenicum ($\frac{1}{50}$ gr.), Precipitate Carb. of Iron, Phos. Lime, Carb. Lime, Silica, and the other ultimate constituents, according to physiological chemistry (normally), in the human organism, together with Caraccas, Cocoa, and Sugar.

PRICE, THREE DOLLARS PER DOUBLE BOX.

Containing sufficient Tablets of each kind to last from one to three months, according to the condition of the patient.

A Connecticut physician writes:

"I am now using your Tablets on a patient (young lady), who has had three quite severe hemorrhages the week previous to the beginning of the same. She has taken one box only, has had no return of the hemorrhage, and has gained four (4) pounds since beginning treatment, besides all rational symptoms have improved wonderfully. I will add that I had tried Ol. Morrh., Syr. Hypophos. Co., etc., with no apparent benefit."

A Virginia physician writes:

"Enclosed find Postal Note for another double box Freligh's Tablets. I used the sample box in three cases, with decided benefit in one, slight improvement in second, and while they did not improve the third case, it being in very advanced stage, there was an amelioration of the distressing symptoms."

A Massachusetts physician, in practice 25 years, writes:

"Send me two double boxes Freligh's Tablets. I have tried the sample box with most excellent results."

A Michigan physician writes:

"I am more than pleased with them. They have not disappointed me once. Dr. C., for whom I ordered a box writes me that he is much improved, and speaks in praise of them. He has genuine Tuberculosis, and while I do not think he can recover, yet I firmly believe the Tablets will prolong his life."

SPECIAL OFFER.

While the above formulæ have been in use, in private practice, over 30 years, and we could give testimonials from well-known clergymen, lawyers, and business men, we prefer to leave them to the unbiased judgment of the profession with the following offer: On receipt of 50 cents, and card, letter-head, bill-head, or other proof that the applicant is a physician in active practice, we will send, delivered, charges prepaid, one of the regular (double) boxes (retail price, Three Dollars), containing sufficient of each kind of Tablets to test them three months (in the majority of cases) in some one case. Card, letter-head, or some proof that the applicant is a physician in active practice, MUST accompany each application. Pamphlet, with full particulars, price-list, etc., on request.

A PHOSPHORIZED

CEREBRO-SPINANT.

(FRELIGH'S TONIC.)

Our Special Offer is still open, to send to any physician, on receipt of 25 cents, and his card or letter-head, half a dozen samples, delivered, charges prepaid. Each sample is sufficient to test it for a week in one case.

As we furnish no samples through the trade, wholesale or retail, for samples, directions, price-lists, etc., address,

I. O. WOODRUFF & CO., Manufacturers of Physicians' Specialties,

88 Maiden Lane, New York City.

PEACOCK'S BROMIDES

(SYR: BROM: COMP:. PEACOCK.)

Each fluid drachm represents 15 grains of the Combined C. P. Bromides of Potassium, Sodium, Calcium, Ammonium and Lithium.

USES: EPILEPSY, UTERINE CONGESTION, HEADACHE, AND ALL CONGESTIVE, CONVULSIVE AND REFLEX NEUROSES.

This preparation produces results, which can not be obtained from the use of commercial Bromide substitutes.

DOSE.—One to two FLUID drachms, in WATER, three or more times a day.

PEACOCK'S FUCUS MARINA

(ELIX: FUCI MAR: PEACOCK.)

From Sea Weed. **Uses: Malaria, Phthisis, Etc.**

An ALLY of quinine—quinine CHECKS the Malarial Chill; Fucus Marina ELIMINATES the Malarial CAUSE; and thus prevents the recurrence of the Chill *after* it has been *checked* by quinine.

An INVALUABLE REMEDY in the treatment of Phthisis—it arrests the decay of lung tissue, diminishes the fever, lessens the cough, abates the soreness in the lungs, improves the appetite, and impedes the progressive emaciation.

DOSE.—One Teaspoonful IN WATER, four times a day.

CHIONIA FROM CHIONANTHUS.

Uses: Biliousness, Jaundice, Dyspepsia, Constipation, and all Diseases Caused by Hepatic Torpor.

CHIONIA stimulates the Liver and restores it to a healthy condition, without debilitating the system by Catharsis; does not purge, per se, but under its use the Liver and Bowels gradually resume their normal functions.

DOSE.—One Fluid Drachm three times a day.

PEACOCK CHEMICAL CO., ST. LOUIS.

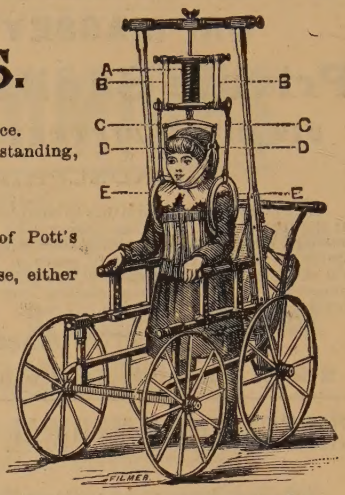
DR. MEIGS CASE'S
SPINAL APPARATUS.



MEANS AFFORDED.

1. Appropriate exercise under elastic extension, with no restrictive appliance.
2. Continued extension made endurable by change in position, sitting, standing, or walking.
3. Perfect support, balance, and guidance in locomotion.

RESULTS OBTAINED.

1. The absolute and speedy cure, without deformity, of recent cases of Pott's Disease and Lateral Curvature.
2. Immediate relief, followed by permanent cure, in acute Pott's Disease, either before or after supervention of abscess or paraplegia.
3. Deformity lessened, and attending complications alleviated in all chronic curvatures in adults or youth.
4. Normal growth stimulated in children dwarfed by disease.
5. Spinal irritation relieved, and ultimately, with its causes, removed.
6. Remarkable improvement in the condition of children suffering from defective innervation, lack of muscular power or nervous inco-ordination, with inability to articulate distinctly and to control the use of the limbs.

These claims are not merely theoretical; they have been abundantly established by actual use of the apparatus.

Fig. 1.

THE "MASTER"
SURGICAL ELASTIC STOCKINGS,

FOR VARICOSE VEINS, WEAK AND SWOLLEN JOINTS, DROPSY OF THE LIMBS, SPRAINS, ETC.

Provided with the Patent Non-Elastic **STAYS AND ADJUSTING LOOPS**, by the aid of which they can be drawn on easily, like pulling on a boot. They will last much longer than the old style, as the stays prevent them from being torn apart in drawing them on. All kinds and sizes in thread or silk elastic.

Fig. 1.—The Old Style discarded on account of pulling apart, while the elastic is still in good condition.
Fig. 2.—The New Style cannot pull apart and consequently lasts until worn out.

FOR PRICE-LIST AND FULL PARTICULARS IN REGARD TO SPINAL APPARATUS AND ELASTIC STOCKINGS, APPLY TO

POMEROY COMPANY, 785 BROADWAY, N. Y.

BROMIDIA

THE HYPNOTIC.

FORMULA.—Every fluid drachm contains fifteen grains EACH of Pure Chloral Hydrat. and purified Brom. Pot. and one-eighth grain EACH of gen. im. ext. Cannabis Ind. and Hyoscyam.

DOSE.—One-half to one fluid drachm in WATER or SYRUP every hour, until sleep is produced.

INDICATIONS.—Sleeplessness, Nervousness, Neuralgia, Headache, Convulsions, Colic, Mania, Epilepsy, Irritability, etc. In the restlessness and delirium of fevers it is absolutely invaluable.

IT DOES NOT LOCK UP THE SECRETIONS.

PAPINE

THE ANODYNE.

Papine is the Anodyne or Pain-relieving Principle of Opium, the Narcotic and Convulsive Elements being Eliminated. It has Less Tendency to Cause Nausea, Vomiting, Constipation, etc.

INDICATIONS.—Same as Opium or Morphia.

DOSE.—ONE FLUID DRACHM—(represents the Anodyne principle of one-eighth grain of Morphia.)

IODIA

THE ALTERATIVE AND UTERINE TONIC.

FORMULA.—Iodia is a combination of active principles obtained from the Green Roots of Stillingia, Helonias, Saxifraga, Menispermum and Aromatics. Each fluid drachm also contains five grains Iod. Potas., and three grains Phos. Iron.

DOSE.—One or two fluid drachms (more or less as indicated) three times a day, before meals.

INDICATIONS.—Syphilitic, Scrofulous and Cutaneous Diseases, Dysmenorrhea, Menorrhagia, Leucorrhea, Amenorrhea, Impaired Vitality, Habitual Abortions and General Uterine Debility.

PURE STRONTIUM SALTS

(PARAF-JAVAL)

RECOMMENDED AT THE FRENCH ACADEMY IN

BRIGHT'S DISEASE, DILATATION OF THE STOMACH, EPILEPSY, Etc.

Strontium Salts, (Paraf-Javal) are non-toxic and free from traces of Barium; they are the only ones employed at the Paris Hospitals.

SOLUTION OF
LACTATE OF STRONTIUM.
(PARAF-JAVAL.)

SOLUTION OF
BROMIDE OF STRONTIUM.
(PARAF-JAVAL.)

These solutions are put up in 3 x original bottles containing 3*j* to the fluid ounce, and their purity is guaranteed by the signature of *Paraf-Javal* on the labels.

APIOLIN-CHAPOTEAUT.

(The true active principle of Parsley).

In DYSMENORRHŒA

Dr. Richard Hill before the Washington Medical Society, January 1891, stated that it was decidedly the most reliable agent he had yet used in spasmodic and congestive dysmenorrhœa.

In AMENORRHŒA

Fordyce Barker found the active principle of parsley of great value in Amenorrhœa, given daily a week antecedent to expected menstruation. (*Shoemaker's Materia Med.*)

Dispensed in spherical capsules of 20 centigrammes. Dose: 2 daily.

OL. SANTAL-MIDY.

For gonorrhoea and all forms of urethritis. It replaces copaiba, cubebs, and other remedies, without producing eructations, offensive odor or diarrhœa. The discharge is reduced to a slight oozing in forty-eight hours. It cures the most obstinate cases of cystitis and inflammation of the neck of the bladder.

Dr. Posner stated before the Berlin Medical Society: "The best form was the French preparation known as ***Santal-Midy.***—*Medical Record.*

Dose: 6 to 12 capsules daily. Original bottles contain 40 capsules.

The above are manufactured in the laboratories of

RIGAUD & CHAPOTEAUT, Paris.

New York Depot: E. FOUGERA & CO., 30 N. William Street.

From whom samples and literature may be obtained on application.

TO THE MEDICAL PROFESSION.

During the past seven years we have been laboring assiduously to produce *Infant Foods* ready for use that would closely resemble healthy human milk. It has not been an easy task, as every physician knows who has taken a special interest in the subject. We have spared neither labor nor expense to accomplish this object, which will be demonstrated to any Physician who will visit our factory. We have met the more recent demand for a *sterilized Food for Infants* by an expensive change in our machinery under the supervision of the most eminent Bacteriologists in the country. This sterilization has been accomplished without rendering the casein of the milk less digestible, as is invariably done with the patented sterilizers in use. It also insures, with the hermetically sealed cans, their perfect keeping qualities.

We do not think it possible that any *Infant Food* will ever be prepared that will excel **LACTO-PREPARATA** (an all milk food) for the feeding of young infants, and **CARNRICK'S FOOD** for their nourishment during the latter part of the nursing period. All other *Infant Foods* in the market are composed entirely of the cereals; or they contain so little milk (8 per cent.) that it is a misnomer to call them Milk Foods. If such foods are used alone, the child will not be properly nourished, its flesh will be flabby, and it will quickly succumb to disease, because they are deficient in albuminoid constituents.

Send for circulars and samples.

KUMYSGEN

Make your own KUMYSS in one minute.

A Product of Pure, Sweet Milk.

What is Kumysgen?

It is *Kumyss* in a dry form containing all the constituents of the best *Kumyss*, and requires only the addition of water to produce an article superior in digestibility and palatability to the old form of *Kumyss*.

It is the *Ideal Food* in all cases where nutrition is an important factor, and digestion is feeble.

When all other Foods fail try **Kumysgen,** but it is better to try it in the beginning and save time and strength.

Kumysgen is the only preparation of *Kumyss* that will keep. All liquid preparations of *Kumyss* will keep but a short time, and are constantly changing in the bottle, unless some deleterious preservative is used.

Kumyss made from **Kumysgen** is far more palatable, easier digested, and 35 per cent. less expensive than the old style **Kumyss.**

Our **Siphon Kumysgen Bottles** allow *Kumyss* to be drawn without loss of contents. One in every three bottles are *siphons*, containing same quantity of KUMYSGEN as the others. Send for samples and descriptive circulars.

Manufactured Only by

REED & CARNRICK, New York.

THE BEST ANTISEPTIC
FOR BOTH INTERNAL AND EXTERNAL USE.

ANTISEPTIC, PROPHYLACTIC, DEODORANT.

LISTERINE

NON-TOXIC, NON-IRRITANT, NON-ESCHAROTIC.

FORMULA—Listerine is the essential antiseptic constituent of Thyme, Eucalyptus, Baptisia, Gaultheria and Mentha Arvensis, in combination. Each fluid drachm also contains two grains of refined and purified Benzo-boracic Acid.

DOSE—Internally: One teaspoonful three or more times a day (as indicated) either full strength, or diluted, as necessary for varied conditions.

LISTERINE is a well-proven antiseptic agent—an antizymotic—especially adapted to internal use, and to make and maintain surgical cleanliness—asepsis—in the treatment of all parts of the human body, whether by spray, irrigation, atomization, or simple local application, and therefore characterized by its particular adaptability to the field of

PREVENTIVE MEDICINE—INDIVIDUAL PROPHYLAXIS.

Diseases of the Uric Acid Diathesis.

LAMBERT'S

LITHIATED HYDRANGEA

KIDNEY ALTERATIVE—ANTI-LITHIC.

FORMULA—Each fluid drachm of "Lithiated Hydrangea" represents thirty grains of FRESH HYDRANGEA and three grains of CHEMICALLY PURE Benzo-Salicylate of Lithia. Prepared by our improved process of osmosis, it is INVARIABLY of DEFINITE and UNIFORM therapeutic strength, and hence can be depended upon in clinical practice.

DOSE—One or two teaspoonfuls four times a day (preferably between meals).

Urinary Calculus, Gout, Rheumatism, Bright's Disease, Diabetes, Cystitis, Hæmaturia Albuminuria, and Vesical irritations generally.

We have much valuable literature upon { GENERAL ANTISEPTIC TREATMENT, LITHEMIA, DIABETES, CYSTITIS, ETC. } To forward to Physicians upon request:

LAMBERT PHARMACAL CO., ST. LOUIS, MO.

NATATORIUM AND PHYSICAL INSTITUTE.

Established 1858. Incorporated 1860. Broad St., Below Walnut, Philadelphia. Up-town Branch, 1712 N. Broad St. Swimming School for both sexes and all ages. Open from 5 A.M. till 10 P.M. We invite your attention to the above cut, and to the fact that we can teach young or old of either sex to swim in from six to ten lessons. No one should go to shore or country without learning this beautiful art. Our arrangements are so perfect that we can teach the most delicate child, not only with perfect safety, but with positive advantage to their health. All prominent physicians recommend the exercise of swimming as the most complete gymnastic. Terms greatly reduced. We would be glad to have you call, or address us for a circular.

J. A. PAYNE, Proprietor.

Platt's Chlorides,

The True Disinfectant.

Eleven years of practical daily use, by tens of thousands of intelligent physicians, and by hundreds of thousands of careful housekeepers, has established beyond doubt the value, the usefulness, and the superiority of Platt's Chlorides.

An odorless liquid, clean, stainless, powerful, efficient, and economical, it is peculiarly adapted to all the sanitary needs of the sick-room, and the hygienic demands of the household.

Platt's Chlorides is sold in quart bottles only, and by nearly every apothecary in every city, town or village in the United States. Should there be any practicing physician anywhere who m aynot as yet personally know its value, a sample with descriptive circulars, etc., will be gladly furnished free. Address, giving both Post and Express Offices,

HENRY B. PLATT, 36 Platt St., N. Y.

JOHNSTON'S FLUID BEEF.

CHEMICAL ANALYSIS By WM. HARKNESS, F.C.S.L., Analytical Chemist to the British Government.

LABORATORY, Somerset House, London, Eng.

I have made a very careful chemical analysis and microscopical examination of **Johnston's Fluid Beef**, and find it to contain in every 100 parts:

Moisture,	**26.14**	
Albumen and Gelatine,	**21.81**	**Nitrogenous or**
Fibrine in a readily soluble form,	**37.48**	**flesh-forming food.**
Ash or Mineral Matter,	**14.57**	**100.00**

"The mineral matter is rich in phosphates. The microscopical examination shows the **Fluid Beef** to contain good, sound beef, ground to a very fine powder. There is not the slightest trace of fungus, spores, or any other organism which would tend to produce decomposition. I consider this a most valuable preparation, *combining, as it does, a concentrated extract of Beef with the solid beef itself*,—the latter being in a form easily digested."

Differing in all Essential Points from other Meat Extracts in the Market.

General Agents for the United States,

ROBERT SHOEMAKER & CO.,

Nos. 201 and 203 NORTH FOURTH STREET, PHILADELPHIA.

A WINEGLASSFUL OF

GENOIS'

Diastasic Extract of Malt

Taken after each meal and at bedtime will assist the digestion, increase the appetite, and induce a sound and refreshing sleep.

GASTRIC DERANGEMENTS.

HORSFORD'S ACID PHOSPHATE.

Unlike all other forms of phosphorus in combination, such as dilute phosphoric acid, glacial phosphoric acid, neutral phosphate of lime, hypophosphites, etc., the phosphates in this product are in solution, and readily assimilated by the system, and it not only causes no trouble with the digestive organs, but promotes in a marked degree their healthful action.

In certain forms of dyspepsia it acts as a specific.

Dr. T. G. COMSTOCK, of the Good Samaritan Hospital, St. Louis, says: "For some years we have used it in a variety of derangements characterized by debility, as also in chronic gastric ailments. It is approved of, unanimously, by the medical staff of this Hospital."

Send for descriptive circular. Physicians who wish to test it will be furnished a bottle on application, without expense, except express charges.

Prepared under the direction of Prof. E. N. HORSFORD, by the

RUMFORD CHEMICAL WORKS, Providence, R. I.

The gelatin to be dissolved in the listerine by the aid of gentle heat.

PEROXIDE OF HYDROGEN.

After several years' experience in the use of Peroxide of Hydrogen and Glycozone as therapeutic agents, prepared by Prof. Ch. Marchand, of New York, the undersigned is prepared to say that he has found them, especially the former (mostly used by him), never failing so far as has been prescribed and used by him. He feels constrained to indorse all that Professor Marchand claims for the use of oxygen, as set forth by him in his pamphlet, so far as his observation and experience extend. First. As being one of the most powerful and harmless of all antiseptics known. Second. As being especially adapted to the speedy relief and cure of diseases of the mucous surfaces, especially those of the mouth, nose, throat, bronchial tubes, and lungs; also of the stomach and the entire alimentary or intestinal canal. Third. Externally for abscesses, sores, ulcers, etc. Fourth. For genito-urinary ailments, especially the reproductive organs of the female. Fifth. For general physical debility and nervousness, taken internally, in its rejuvenating, strengthening, and tonic. Sixth. Oxygen is absolutely important and invaluable in cases of emergencies, to which the physician is often urgently and hastily summoned to administer, and to restore the dying or apparently dead: as in asphyxia, poisoning, fainting from almost any cause, from loss of blood in profuse hæmorrhages, etc.

The portable and convenient form of Peroxide of Hydrogen as prepared by Professor Marchand, as well as Glycozone, commends the use of the same to the active and busy physician as being so readily used and easily carried in a vial or small bottle in his pocket or satchel for immediate use in unexpected cases of accident or heart-failure, or person in a supposed dying condition.—W. ROBT. MONROE, M.D., late Professor of Therapeutics and Dean in the Baltimore Medical College, 1734 Bolton Street.
BALTIMORE, MD.

"ABORTED THE USUAL CHORDEE."

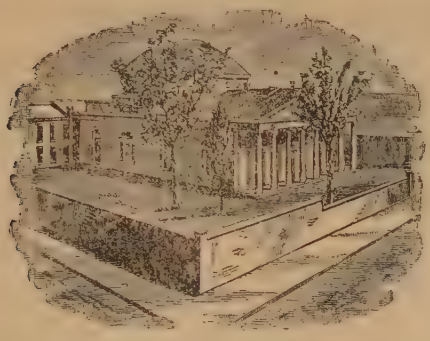
One of our contributors lately told us of a case in which 5 grains of Antikamnia, taken at bedtime, aborted the usual chordee. On a subsequent night it returned slightly, but upon the patient's taking another 5-grain powder it promptly left him.—EDITOR *Medical and Surgical Journal*, August, 1891.

TO THE SEA.

The superior service and equipments of the Philadelphia and Reading Railroad, with its double track to the Sea, makes it, without doubt, the best line for the transportation of invalids. Physicians should also bear in mind that the "Reading" locomotives burn hard coal exclusively. We need not enlarge on the tremendous advantage this single fact gives this road over competing lines.

Teacher—Johnny, why is George Brown absent?

Johnny—Why, George Brown says his sister's got a cold, but dat ain't nothin'; one o' my sisters is got de small-pox and 'tother one de measles, but I come all the same.—*Washington Hatchet.*



UNIVERSITY OF MARYLAND—SCHOOL OF MEDICINE
BALTIMORE, MD.

DR. WM. T. HOWARD,

Professor of Diseases of Women and Children in the University of Maryland, says:

After comparing the water of **SPRING NO. 1** with that of a very celebrated water

"Indeed, in a certain class of cases, it is much superior to the latter. I allude to the abiding debility attendant upon the tardy convalescence from grave acute diseases, and more especially to the Cachexia and Sequelæ incident to Malarious Fevers in all their grades and varieties, to certain forms of Atonic Dyspepsia and

All the Affections Peculiar to Women

that are remediable at all by mineral waters. In short, were I called upon to state from what Mineral Waters I have seen the greatest and most unmistakable amount of good accrue in the largest number of cases in a general way, I would unhesitatingly say the Buffalo Springs, in Mecklenburg County, Virginia."

Water in cases of one dozen half-gallon bottles, $5.00, f. o. b. here. For sale by all first-class druggists.

QUICKINE

OUR NEW ANTISEPTIC, ANTIPYRETIC AND ANTIZYMOTIC.

IS RAPIDLY COMING INTO DAILY USE.

DR. CHICHESTER writes: "I get splendid results from its use. Quickine is a great convenience, of inestimable value in a physician's office."

DR. J. B. CONKLIN writes: "It has no equal."

DR. F. E. MILLER writes: "Every physician in the civilized world will be glad to use it"

We have received reports already from over 1000 physicians recommending the use of QUICKINE in diseases of the throat, nose, eye, and ear, parasitical skin diseases, sores, ulcers, etc., used externally as a spray, gargle, injection, wash, etc., and in the various fevers and germ diseases used internally.

QUICKINE is put up in one style only, 8 oz. bottles, and we guarantee its absolute accuracy and uniformity. It is pronounced an ideal remedy for a physician's use, both in his office business and in prescribing. Is advertised strictly and only to the medical profession, and sold by first class druggists everywhere at about 40 cents a bottle. Pamphlet and testimonials mailed free. STANDARD CHEMICAL CO., JERSEY CITY, N. J.

HENRY K.
WAMPOLE and CO.
Manf'g Pharmacists,
PHILADELPHIA

Wampole's Perfected and Tasteless Preparation of Cod Liver Oil.

Combined with Extract of Malt, Fluid Extract of Wild Cherry Bark and Syrup Hypophosphites Compound (containing Lime, Soda, Potassium, Iron, Manganese, Quinine, and Strychnia).

Containing the curative agents from 25 per cent. Pure Norwegian Cod Liver Oil. Rendered pleasant and agreeable by the addition of choice Aromatics. For full directions see circular surrounding bottle.

We invite your attention to the "fac simile" of an Analysis made by Charles M. Cresson, M.D., certifying to the value and efficacy of this Preparation, and which we have printed on the back of our circular.

NUTRITIVE. TONIC. STIMULANT.

Put up in 1 pound bottles, $8.00 per dozen, net.

Put up in 5-pint bottles for convenience in dispensing, and as a regular stock bottle. 5-pint bottles, each $3.00, net.

WAMPOLE'S Compound Syrup of Hypophosphites

Put up in 16-ounce bottles, full measure, $8.00 per dozen, net.

Put up in 5-pint bottles for convenience in dispensing, and as a regular stock bottle.

Wampole's Syrup Hydriodic Acid

(PERMANENT),

GUARANTEED UNALTERABLE.

Each Fluid Ounce contains in Tasteless and Unchangeable Syrup, 6.72 Grs. Hydriodic Acid, thus representing 6.66 Grs. of Iodine.

Price, $8.00 per doz.
In 1 lb. bottles only.

Wampole's Granular Effervescent Bromo-Pyrine.

Containing in Each Heaping Teaspoonful:

Caffein Hydrobromate,	1 Gr.
Antipyrene,	3 Grs.
Sodium Bromide,	15 Grs.

Special Combinations Speedily and Carefully Prepared.

DR. McMUNN'S

Elixir of Opium.

AN INVALUABLE DISCOVERY IN THE PREPARATION OF OPIUM.

It contains all the valuable medicinal properties of Opium in natural combination, to the exclusion of all its noxious, deleterious, useless principles upon which its bad effects depend. It possesses all the sedative, anodyne, and antispasmodic powers of Opium: To produce sleep and composure, to relieve pain and irritation; nervous excitement and morbid irritability of body and mind; to allay convulsive and spasmodic actions, etc; and being purified from all the noxious and deleterious elements, its operation is attended by no sickness of the stomach, no vomiting, no costiveness, no headache, nor any derangement of the constitution or general health. Hence its high superiority over Laudanum, Paregoric, Black Drop, Denarcotized Laudanum., and every other Opiate preparation.

CAUTION.

On account of its large sale, spurious articles are offered in bulk. The genuine is sold only in vials of about 7 drachms, with yellow wrappers and signature of Jno. B. McMunn.

E. FERRETT, Agent, 372 Pearl Street, New York.

TO PHYSICIANS: This preparation has been in constant use by many prominent practitioners of medicine for several years, and its beneficial results in the treatment of the diseases indicated, including Syphilitic troubles, have been fully established.

When ordering this preparation, in order to avoid delay or misunderstanding, physicians will please specify "GRIFFITH & CO'S," or physicians in this city can send their patients direct to our pharmacies, at No. 67 Third Avenue, cor. 11th Street, or 2241 Third Avenue, cor. 122d Street, New York, where, at any time, further information will be cheerfully furnished. Out of town physicians can order through their druggists or direct from us.

We have hundreds of testimonials from prominent physicians who have prescribed and personally used this mixture. It is manufactured for PHYSICIANS PRESCRIPTIONS only. Always specify "GRIFFITH & CO.'S." If you have an obstinate case of Rheumatism under treatment, inclose one dollar and receive, by express, a regular size bottle, or we will send, upon request, a sample bottle, providing you will pay express charges.

WHOLESALE PRICE LIST.

8-ounce size, - - - $10.50 per doz.
16-ounce size, - - - $20.00 per doz.

In lots of one dozen and upward, we pay the express charges to points east of the Rocky Mountains.

GRIFFITH & CO.'S COMPOUND MIXTURE OF GUAIAC, STILLINGIA, ETC.

After ten years of thorough trial is now considered by Physicians to be the standard remedy for Acute and Chronic Rheumatism, Gout, Lumbago, Neuralgia, and Kindred Complaints.

(Do not overlook this offer, for you may be pleased and possibly surprised at the result, for the general verdict of the profession is, that if this remedy fails to act on a case, it is a difficult matter to find anything that will.)

P. S.—The advertising of this article is confined strictly to Medical Journals.

Very respectfully,

GRIFFITH & CO.,
Chemists and Pharmacists,
67 Third Avenue, cor. 11th Street,
2241 Third Avenue, cor. 122d Street, NEW YORK CITY.

Carried in stock by the principal Wholesale Druggists in the U. S.

In absence of anything better, try the above remedy in cases of "La Grippe."

PONCA

UTERINE ALTERATIVE

ESPECIALLY AFFECTING THE MUCOUS SURFACES

INDICATIONS

Metritis	Endo-Metritis
Subinvolution	Menorrhagia
Metrorrhagia	Leucorrhoea
Dysmenorrhoea	Ovarian Neuralgia
Painful Pregnancy	After-Pains

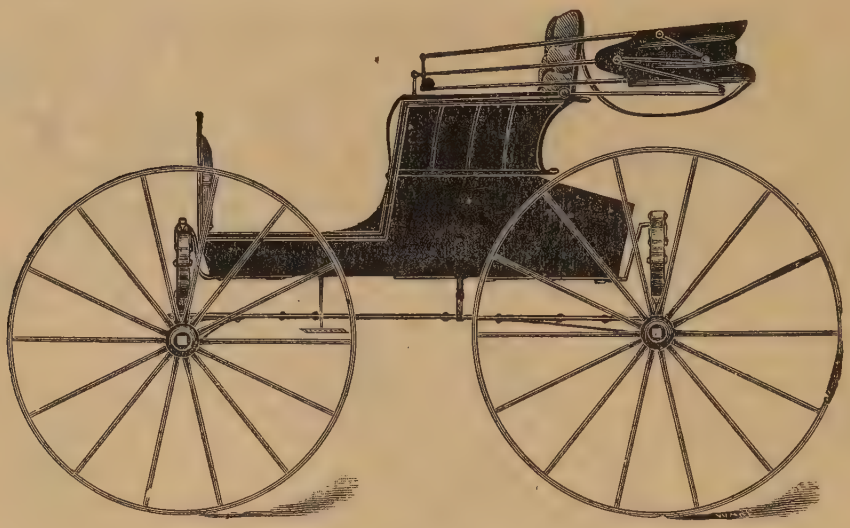
Exercises a specific alterative action on the uterine tissues, a general tonic influence on the Pelvic Organs; has a tendency to absorb plastic deposits, to regulate the vascular supply, to relieve congestion, to tone up the nerve forces, to encourage peristalsis of the bowels, and to remove spasmodic conditions.

FORMULA—Each tablet contains—Ext. Ponca, 3 grs.; Ext. Mitchella Repens, 1 gr.; Caulophyllin, ½ gr.; Helonin, ⅛ gr.; Viburnin, ⅛ gr.

COMPOUND

100 tablets mailed on receipt of $1.00.

MELLIER DRUG COMPANY, 109 Walnut Street, ST. LOUIS.



HAVING leased the entire five-story building, N. E. Cor. Arch and Twelfth Streets, for a term of years, we have fitted it up for the manufacture and sale of fine Carriages, Harness, etc., etc.

In our *three show rooms* (passenger elevator to each floor) you will always find a full assortment of Carriages of our own manufacture, with which the public has long been familiar. In addition, we shall keep in stock all the latest novelties in Oak and Painted work.

As our shops here are fully equipped for doing *First-class Repair Work* with dispatch, we have discontinued the shops at 1707 and 1709 Filbert Street. We solicit your valuable patronage, and guarantee satisfaction in every particular. Entrance to Repair Shops on Twelfth Street.

Having made a Specialty of PHYSICIANS' CARRIAGES for a number of years, we feel we can fully satisfy the demand for THOROUGH WORK at MODERATE PRICES.

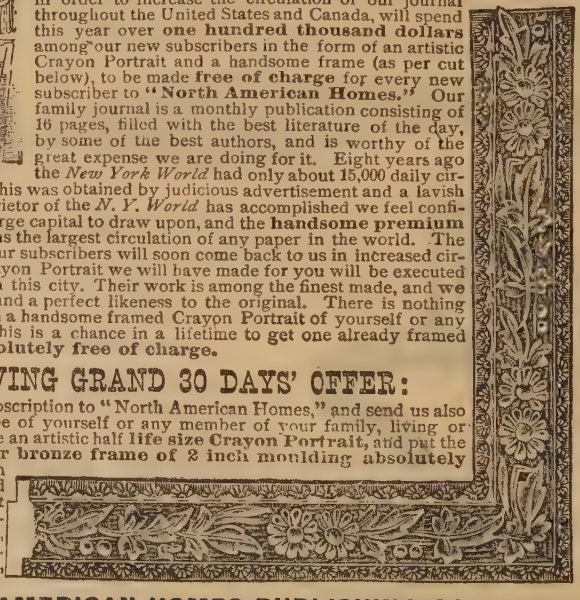
FREE CRAYON PORTRAITS AND FRAMES

To all our Subscribers for 1892.

We, the publishers of "North American Homes," in order to increase the circulation of our journal throughout the United States and Canada, will spend this year over **one hundred thousand dollars** among our new subscribers in the form of an artistic Crayon Portrait and a handsome frame (as per cut below), to be made **free of charge** for every new subscriber to **"North American Homes."** Our family journal is a monthly publication consisting of 16 pages, filled with the best literature of the day, by some of the best authors, and is worthy of the great expense we are doing for it. Eight years ago the *New York World* had only about 15,000 daily circulation; to-day it has over 300,000. This was obtained by judicious advertisement and a lavish expenditure of money. What the proprietor of the *N. Y. World* has accomplished we feel confident of doing ourselves. We have a large capital to draw upon, and the **handsome premium** we are giving you will certainly give us the largest circulation of any paper in the world. The money we are spending now among our subscribers will soon come back to us in increased circulation and advertisements. The Crayon Portrait we will have made for you will be executed by the largest association of artists in this city. Their work is among the finest made, and we **guarantee** you an artistic Portrait and a perfect likeness to the original. There is nothing more useful as well as ornamental than a handsome framed Crayon Portrait of yourself or any member of your family; therefore this is a chance in a lifetime to get one already framed and ready to hang in your parlor **absolutely free of charge.**



READ THE FOLLOWING GRAND 30 DAYS' OFFER:

Send us $1.50, price for one year subscription to "North American Homes," and send us also a photograph, tintype or daguerrotype of yourself or any member of your family, living or dead, and we will make you from same an artistic half **life size Crayon Portrait,** and put the Portrait in a good substantial **gilt or bronze frame of 2 inch moulding absolutely free of charge;** will also furnish you a genuine French glass, boxing and packing same **free of expense.** Cut this out and send it with your photograph at once, also your subscription, which you can remit by Draft, P. O. Money Order, Express Money Order, or Postal Note, made payable to

IMPORTANT ANNOUNCEMENT. **IN PREPARATION.**

PSYCHOPATHIA SEXUALIS,

WITH ESPECIAL REFERENCE TO

Contrary Sexual Instinct.

BY

Dr. R. von KRAFFT-EBING,

Professor of Psychiatry and Neurology in the University of Vienna.

Authorized Translation of the Seventh German Edition

BY

CHARLES GILBERT CHADDOCK, M.D.,

Assistant Medical Superintendent Northern Michigan Asylum; Fellow of the Chicago Academy of Medicine.

Prof. von Krafft-Ebing's study of the psychopathology of the sexual life was, when first published, a small monograph; but in the seven editions through which it has passed so rapidly it has received so many additions and been made to cover so completely every aspect of the anomalies of the sexual sphere that the work now deserves the name of a treatise. It easily supersedes all previous attempts to treat this important subject scientifically; and it is sure to commend itself to members of the medical and legal professions as a scientific explanation of many social and criminal enigmas to which no work in English offers a solution.

The work will be sold only by SUBSCRIPTION to MEMBERS OF THE MEDICAL AND LEGAL PROFESSIONS.

Medical Publications of The F. A. Davis Co., Philadelphia.

Physician's All-Requisite Time- and Labor-Saving Account-Book.

BEING A LEDGER AND ACCOUNT-BOOK FOR PHYSICIANS' USE, MEETING ALL THE REQUIREMENTS OF THE LAW AND COURTS.

Designed by WILLIAM A. SEIBERT, M.D., of Easton, Pa.

Probably no class of people lose more money through carelessly kept accounts and overlooked or neglected bills than physicians. Often detained at the bedside of the sick until late at night, or deprived of even a modicum of rest, it is with great difficulty that he spares the time or puts himself in condition to give the same care to his own financial interests that a merchant, a lawyer, or even a farmer devotes. It is then plainly apparent that a system of bookkeeping and accounts that, without sacrificing accuracy, but, on the other hand, ensuring it, at the same time relieves the keeping of a physician's book of half their complexity and two-thirds the labor, is a convenience which will be eagerly welcomed by thousands of overworked physicians. Such a system has at last been devised, and we take pleasure in offering it to the profession in the form of The Physician's All-Requisite Time- and Labor- Saving Account-Book.

There is no exaggeration in stating that this Account-Book and Ledger reduces the labor of keeping your accounts more than one-half, and at the same time secures the greatest degree of accuracy. We may mention a few of the superior advantages of The Physician's All-Requisite Time- and Labor- Saving Account-Book, as follows :—

First—Will meet all the requirements of the law and courts.
Second—Self-explanatory; no cipher code.
Third—Its completeness without sacrificing anything.
Fourth—No posting; one entry only.
Fifth—Universal; can be commenced at any time of the year, and can be continued indefinitely until every account is filled.
Sixth—Absolutely no waste of space.
Seventh—One person must needs be sick every day of the year to fill his account, or might be ten years about it and require no more than the space for one account in this ledger.
Eighth—Double the number and many times more than the number of accounts in any similar book; the 300-page book contains space for 900 accounts, and the 600-page book contains space for 1800 accounts.
Ninth—There are no smaller spaces.
Tenth—Compact without sacrificing completeness; every account complete on same page—a decided advantage and recommendation.
Eleventh—Uniform size of leaves.
Twelfth—The statement of the most complicated account is at once before you at any time of month or year—in other words, the account itself as it stands is its simplest statement.
Thirteenth—No transferring of accounts, balances, etc.

To all physicians desiring a quick, accurate, and comprehensive method of keeping their accounts, we can safely say that no book as suitable as this one has ever been devised. A descriptive circular showing the plan of the book will be sent on application.

Annual of the Universal Medical Sciences.

ISSUE OF 1892.

A YEARLY REPORT OF THE PROGRESS OF THE GENERAL SANITARY SCIENCES THROUGHOUT THE WORLD.

Edited by CHARLES E. SAJOUS, M.D.,

Formerly Lecturer on Laryngology and Rhinology in Jefferson Medical College, Philadelphia, etc.

Assisted editorially by seventy (70) of America's most eminent teachers and practitioners, together with over two hundred corresponding editors and collaborators in every part of the civilized world, including nearly every country in Europe, as well as such remote ones as Australia, China, Japan, and those of South America.

The "Annual" is intended to enable any physician to possess, at a moderate cost, a complete contemporary history of universal medicine.

It is magnificently illustrated with chromo-lithographs, engravings, maps, charts, and diagrams, and is bound in five Royal Octavo volumes, of about 500 pages each, in Cloth and Half-Russia.

Superior in every detail of print, paper, binding, etc.; it is a fitting continuation of such great works as "Pepper's System of Medicine," "Ashhurst's International Encyclopedia of Surgery," "Buck's Reference Hand-book of the Medical Sciences."

Every subscriber to the "Annual" is entitled to and receives, without extra cost, "The Satellite," containing a monthly review of the most important articles upon the practical branches of medicine, appearing from time to time in the medical press at large. This journal is edited by the chief editor of the "Annual" and an able staff.

SOLD ONLY BY SUBSCRIPTION, OR SENT DIRECT ON RECEIPT OF PRICE, SHIPPING EXPENSES PREPAID.

Subscription prices per year (including the "Satellite"):

THE F. A. DAVIS CO.,

Main Office, 1231 Filbert St., Philadelphia.

"The five volumes of the 'Annual' furnish just what every reading physician desires, and would do for himself if time permitted, at least in the particular branches which are of most interest to him. One should therefore be grateful to have it done for him, on the co-operative plan, by gentlemen abundantly competent for such tasks."—ANNALS OF SURGERY.

"All the editors and collaborators stand at the head of the profession in their special lines of thought."—THE MEDICAL BRIEF.

"There is no other publication that takes the place of this work, and it would not be possible for the individual reader, by improving his full time, to supply himself with the necessary periodicals and from them obtain the information here supplied in these books. The information is derived from the literature of nearly every written language."—CHICAGO MEDICAL TIMES.

"This 'Annual,' so well known to the profession, is better than ever this year."—THE JOURNAL.

"Every branch of medicine, hygiene, surgery, and materia medica is ably represented by competent writers, and it may be said that no such attractive and useful yearly periodical has ever before been placed at the disposal of the profession."—THE JOURNAL OF MEDICINE AND DOSIMETRIC THERAPEUTICS.

"The review is in the fullest sense universal."—THE JOURNAL OF THE MEDICAL COLLEGE OF OHIO.

"The 'Annual' is all that its title states: a comprehensive report of progress of medical science in all its branches; it mirrors in distinct outline all the year's work of all the workers in all the world; it gathers together all the authoritative reports of research, discovery, confirmation, and speculation, sifts and sorts and then presents the triturated consensus in terse, instructive paragraphs, showing actual results and furnishing the necessary proofs."—NOTES ON NEW REMEDIES.

"It is well condensed, it contains no unnecessary language, and goes to the point directly."—HARPER'S HOSPITAL BULLETIN.

Medical Publications of The F. A. Davis Co., Philadelphia.

The Medical Bulletin Visiting-List or Physicians' Call Record.

ARRANGED UPON AN ORIGINAL AND CONVENIENT MONTHLY AND WEEKLY PLAN FOR THE DAILY RECORDING OF PROFESSIONAL VISITS.

Frequent Rewriting of Names Unnecessary.

THIS Visiting-List is arranged so that the names of patients need be written but ONCE a month instead of FOUR times a month, as in the old-style lists. By means of a new feature, a simple device consisting of STUB OR HALF LEAVES IN THE FORM OF INSERTS, the first week's visits are recorded in the usual way, and the second week's visits are begun by simply turning over the half-leaf without the necessity of rewriting the patients' names. This very easily understood process is repeated until the month is ended and the record has been kept complete in every detail of VISIT, CHARGE, CREDIT, etc., and the labor and time of entering and transferring names at least THREE times in the month has been saved. There are no intricate rulings; not the least amount of time can be lost in comprehending the plan, for it is acquired at a glance.

THE THREE DIFFERENT STYLES MADE.

The **No. 1 Style** of this List provides space for the DAILY record of seventy different names each month for a year; for physicians who prefer a List that will accommodate a larger practice we have made a **No. 2 Style**, which provides space for the daily record of 105 different names each month for a year, and for physicians who may prefer a Pocket Record-Book of less thickness than either of these styles we have made a **No. 3 Style**, in which "The Blanks for the Recording of Visits in" have been made into removable sections. These sections are very thin, and are made up so as to answer in full the demand of the largest practice, each section providing ample space for the DAILY RECORD OF 210 DIFFERENT NAMES for two months; or 105 different names daily each month for four months; or seventy different names daily each month for six months. Six sets of these sections go with each copy of No. 3 STYLE.

SPECIAL FEATURES NOT FOUND IN ANY OTHER LIST.

In this No. 3 STYLE the PRINTED MATTER, and such matter as the BLANK FORMS FOR ADDRESSES OF PATIENTS, Obstetric Record, Vaccination Record, Cash Account, Birth and Death Records, etc., are fastened permanently in the back of the book, thus reducing its thickness. The addition of one of these removable sections does not increase the thickness more than an eighth of an inch. This brings the book into such a small compass that no one can object to it on account of its thickness, as its bulk is VERY MUCH LESS than that of any visiting-list ever published. Every physician will at once understand that as soon as a section is full it can be taken out, filed away, and another inserted without the least inconvenience or trouble. *Extra or additional sections will be furnished at any time for 15 cents each or $1.75 per dozen.* This Visiting-List contains calendars, valuable miscellaneous data, important tables, and other useful printed matter usually placed in Physicians' Visiting-Lists.

Physicians of many years' standing and with large practices pronounce it THE BEST LIST THEY HAVE EVER SEEN. It is handsomely bound in fine, strong leather, with flap, including a pocket for loose memoranda, etc., and is furnished with a Dixon lead-pencil of excellent quality and finish. It is compact and convenient for carrying in the pocket. Size, 4 x 6⅞ inches.

IN THREE STYLES.		NET PRICES.
No. 1.	Regular size, to accommodate 70 patients daily each month for one year, . . .	**$1.25**
No. 2.	Large size, to accommodate 105 patients daily each month for one year, ...	**$1.50**
No. 3.	In which the "Blanks for Recording Visits in" are in removable sections, . . .	**$1.75**
	Special Edition for Great Britain, without printed matter, ...	**4s. 6d.**

N. B.—The Recording of Visits in this List may be Commenced at any time during the Year.

Medical Publications of The F. A. Davis Co., Philadelphia.

EISENBERG

Bacteriological Diagnosis.

TABULAR AIDS FOR USE IN PRACTICAL WORK.

By JAMES EISENBERG, Ph.D., M.D., Vienna. Translated and augmented, with the permission of the author, from the second German Edition, by NORVAL H. PIERCE, M.D., Surgeon to the Out-Door Department of Michael Reese Hospital; Assistant to Surgical Clinic, College of Physicians and Surgeons, Chicago, Ill.

Nearly 200 pages. In one Royal Octavo volume, handsomely bound in Cloth and in Oil-Cloth (for laboratory use).

Price, post-paid, in the United States and Canada, $1.50, net; in Great Britain, 8s. 6d.; in France, 9 fr. 35.

This book is a novelty in Bacteriological Science. It is a work of great importance to the teacher as well as to the student. It will be of inestimable value to the private worker, and is designed throughout as a practical guide in laboratory work. It is arranged in a tabular form, in which are given the specific characteristics of the various well-established bacteria, so that the worker may, at a glance, inform himself as to the identity of a given organism.

There is also an appendix, in which is given, in a concise and practical form, the technique employed by the best laboratories in the cultivation and staining of bacteria; the composition and preparation of the various solid, semi-solid, and fluid media, together with their employment; a complete list of stains and reagents, with formulæ for same; the methods of microscopic examination of bacteria, etc., etc., etc.

EDINGER

Twelve Lectures on the Structure of the Central Nervous System.

FOR PHYSICIANS AND STUDENTS.

By DR. LUDWIG EDINGER, Frankfort-on-the-Main. Second Revised Edition. With 133 Illustrations. Translated by WILLIS HALL VITTUM, M.D., St. Paul, Minn. Edited by C. EUGENE RIGGS, A.M., M.D., Professor of Mental and Nervous Diseases, University of Minnesota; Member of the American Neurological Association.

The illustrations are exactly the same as those used in the latest German edition (with the German names translated into English), and are very satisfactory to the Physician and Student using the book.

The work is complete in one Royal Octavo Volume of about 250 pages, bound in Extra Cloth.

Price, post-paid, in the United States and Canada, $1.75, net; in Great Britain, 10s.; in France, 12 fr. 20.

One of the most instructive and valuable works on the minute anatomy of the human brain extant. It is written in the form of lectures, profusely illustrated, and in clear language.—*The Pacific Record of Medicine and Surgery.*

Since the first works on anatomy, up to the present day, no work has appeared on the subject of the general and minute anatomy of the central nervous system so complete and exhaustive as this work of Dr. Ludwig Edinger. Being himself an original worker, and having the benefits of such masters as Stilling, Weigeit, Geilach, Meynert, and others, he has succeeded in transforming the mazy wilderness of nerve-fibres and cells into a district of well-marked pathways and centres, and by so doing has made a pleasure out of an anatomical bugbear.—*The Southern Medical Record.*

Every point is clearly dwelt upon in the text, and where description alone might leave a subject obscure clever drawings and diagrams are introduced to render misconception of the author's meaning impossible. The book is eminently practical. It unravels the intricate entanglement of different tracts and paths in a way that no other book has done so explicitly or so concisely.—*Northwestern Lancet.*

Medical Publications of The F. A. Davis Co., Philadelphia.

SHOEMAKER

Heredity, Health, and Personal Beauty.

INCLUDING THE SELECTION OF THE BEST COSMETICS FOR THE SKIN, HAIR, NAILS, AND ALL PARTS RELATING TO THE BODY.

By JOHN V. SHOEMAKER, A.M., M.D., Professor of Materia Medica, Pharmacology, Therapeutics, and Clinical Medicine, and Clinical Professor of Diseases of the Skin in the Medico-Chirurgical College of Philadelphia; Physician to the Medico-Chirurgical Hospital, etc., etc.

The health of the skin and hair, and how to promote them, are discussed; the treatment of the nails; the subjects of ventilation, food, clothing, warmth, bathing; the circulation of the blood, digestion, ventilation; in fact, all that in daily life conduces to the well-being of the body and refinement is duly enlarged upon. To these stores of popular information is added a list of the best medicated soaps and toilet soaps, and a whole chapter of the work is devoted to household remedies. The work is largely suggestive, and gives wise and timely advice as to when a physician should be consulted. *This is just the book to place on the waiting-room table of every physician, and a work that will prove useful in the hands of your patients.*

Complete in one handsome Royal Octavo volume of 425 pages, beautifully and clearly printed, and bound in Extra Cloth, Beveled Edges, with side and back gilt stamps and in Half-Morocco Gilt Top.

Price, in United States, post-paid, Cloth, $2.50; Half-Morocco, $3.50, net. Canada (duty paid), Cloth, $2.75; Half-Morocco, $3.90, net. Great Britain, Cloth, 14s.; Half-Morocco, 19s. 6d. France, Cloth, 15 fr.; Half-Morocco, 22 fr.

The book reads not like the fulfillment of a task, but like the researches and observations of one thoroughly in love with his subject, fully appreciating its importance, and writing for the pleasure he experiences in it. The work is very comprehensive and complete in its scope.—*Medical World.*

The book before us is a most remarkable production and a most entertaining one. The book is equally well adapted for the laity or the profession. It tells us how to be healthy, happy, and as beautiful as possible. We can't review this book; it is different from anything we have ever read. It runs like a novel, and will be perused until finished with pleasure and profit. Buy it, read it, and be surprised, pleased, and improved.—*The Southern Clinic.*

This book is written primarily for the laity, but will prove of interest to the physician as well. Though the author goes to some extent into technicalities, he confines himself to the use of good, plain English, and in that respect sets a notable example to many other writers on similar subjects. Furthermore, the book is written from a thoroughly American standpoint.—*Medical Record.*

This is an exceedingly interesting book, both scientific and practical in character, intended for both professional and lay readers. The book is well written and presented in admirable form by the publisher.—*Canadian Practitioner.*

SHOEMAKER

Ointments and Oleates: Especially in Diseases of the Skin.

By JOHN V. SHOEMAKER, A.M., M.D., Professor of Materia Medica, Pharmacology, Therapeutics, and Clinical Medicine, and Clinical Professor of Diseases of the Skin in the Medico-Chirurgical College of Philadelphia, etc., etc.

The author concisely concludes his preface as follows: "The reader may thus obtain a conspectus of the whole subject of inunction as it exists to-day in the civilized world. In all cases the mode of preparation is given, and the therapeutical application described *seriatim*, in so far as may be done without needless repetition."

SECOND EDITION, revised and enlarged. 298 pages. 12mo. Neatly bound in Dark-Blue Cloth. *No. 6 in the Physicians' and Students' Ready-Reference Series.*

Price, post-paid, in the United States and Canada, $1.50, net; in Great Britain, 8s. 6d.; in France, 9 fr. 35.

It is invaluable as a ready reference when ointments or oleates are to be used, and is serviceable to both druggist and physician.—*Canada Medical Record.*

To the physician who feels uncertain as to the best form in which to prescribe medicines by way of the skin the book will prove valuable, owing to the many prescriptions and formulæ which dot its pages, while the copious index at the back materially aids in making the book a useful one.—*Medical News.*

Dysmenorrhœa

AND ITS ALLEVIATION.

OVARIAN. **NEURALGIC.**
SPASMODIC. **MEMBRANOUS.**
INTERMENSTRUAL. **TUBAL.**

The prominent symptom in all cases of dysmenorrhœa, is the severe pain which demands relief, and which in nearly every instance, is mitigated by the use of whiskey or morphia, both of which are very injurious. A succedaneum for whiskey and morphia is a great desideratum, and this we find in ANTIKAMNIA (opposed to pain.)

Samples in powder and tablet form, sent free on application.

Address: THE ANTIKAMNIA CHEMICAL COMPANY,
ST. LOUIS, MO., U. S. A.

SYR. HYPOPHOS. CO., FELLOWS

Contains the Essential Elements of the Animal Organization—Potash and Lime;

The Oxidising Agents—Iron and Manganese;

The Tonics—Quinine and Strychnine;

And the Vitalizing Constituent—Phosphorus; the whole combined in the form of a Syrup with a **Slightly Alkaline Reaction.**

It Differs in its Effects from all Analogous Preparations; and it possesses the important properties of being pleasant to the taste, easily borne by the stomach, and harmless under prolonged use.

It has Gained a Wide Reputation, particularly in the treatment of Pulmonary Tuberculosis, Chronic Bronchitis, and other affections of the respiratory organs. It has also been employed with much success in various nervous and debilitating diseases.

Its Curative Power is largely attributable to its stimulant, tonic, and nutritive properties, by means of which the energy of the system is recruited.

Its Action is Prompt; it stimulates the appetite and the digestion, it promotes assimilation, and it enters directly into the circulation with the food products.

The prescribed dose produces a feeling of buoyancy, and removes depression and melancholy; *hence the preparation is of great value in the treatment of mental and nervous affections.* From the fact, also, that it exerts a double tonic influence, and induces a healthy flow of the secretions, its use is indicated in a wide range of diseases.

NOTICE—CAUTION.

The success of Fellows' Syrup of Hypophosphites has tempted certain persons to offer imitations of it for sale. Mr. Fellows, who has examined samples of several of these, ***finds that no two of them are identical,*** and that all of them differ from the original in composition, in freedom from acid reaction, in susceptibility to the effects of oxygen when exposed to light or heat, ***in the property of retaining the strychnine in solution,*** and in the medicinal effects.

As these cheap and inefficient substitutes are frequently dispensed instead of the genuine preparation, physicians are earnestly requested, when prescribing the Syrup, to write "Syr. Hypophos. ***Fellows.***"

As a further precaution, it is advisable that the Syrup should be ordered in the original bottles; the distinguishing marks which the bottles (and the wrappers surrounding them) bear, can then be examined, and the genuineness—or otherwise—of the contents thereby proved.

Medical Letters may be addressed to

Mr. FELLOWS, 48 Vesey Street, New York.

A New Method of Posology.

Diurnules and Diurnal Tablet Triturates.

M. Edouard Trouette recently presented to the Paris Academy of Medicine a new method of administering Toxic Drugs that is very practical and seems destined to succeed the older ones.

This new method consists of the division of the maximum internal dose that can be given to an adult in twenty-four hours, in twelve Diurnules or Diurnal Tablet Triturates.

In anticipation of the popularity of this method we have prepared Diurnules and Diurnal Tablet Triturates of many toxic medicaments, a list of which will be sent on application.

The Diurnules are put up in bottles of 100 and 500 and the Diurnal Tablet Triturates in bottles of 100, 500, and 1000. In addition to these a leather pocket case of the Diurnules, containing ten vials, will be furnished for the convenience of physicians.

The Tablet Triturates are so made by stamping them with cross lines that division is readily possible into two or four parts. They may be powdered or dissolved in water.

With this method accidental poisoning need no longer be feared. Toxic medicaments may be given in efficient doses to adults and children without the least risk.

Full information concerning this method, with reprints of Dr. Trouette's article, furnished physicians on request.

PARKE, DAVIS & COMPANY,

Detroit, New York, and Kansas City.

DYSPEPSIA.

Deranged digestion is the most common of all human ailments. It is a truism that no organ of the body can preserve its normal integrity *when* its supplying nerve is disordered *by lowered tone,* but this fact is largely ignored in these modern pepsin days—the *cause* being lost sight of whilst trying to remedy the effect. It is well known that any unusual worry or anxiety will upset the digestion of *the neurotic* patient. Hence, in treating dyspepsia, particularly atonic dyspepsia, that form met with in persons of low vitality and poor appetite, there are *two distinct* ***INDICATIONS:*** one is to subserve the needs of general nutrition, the other is to subserve the needs of the nervous system. This can be done by giving the patient good nutritious food and a good nerve tonic. This explains why such remarkable results follow the daily use of ***CELERINA*** in all dyspeptic troubles.

The only prominent Emulsion of Cod-Liver Oil introduced directly to the medical profession. It is advertised exclusively in medical journals.

HYDROLEINE.

(HYDRATED OIL.)

Produces rapid increase in Flesh and Strength.

FORMULA.—Each Dose contains:

Pure Cod Liver Oil.....	60 m. (drops)	Soda.....	1-3 Grains.
Distilled Water.....	35 "	Salicylic Acid.....	1-4 "
Soluble Pancreatin.....	5 Grains.	Hyocholic Acid.....	1-20 "

Recommended and Prescribed by EMINENT PHYSICIANS Everywhere. It is pleasant to the Taste and acceptable to the most delicate Stomach.

IT IS ECONOMICAL IN USE AND CERTAIN IN RESULTS.

HYDROLEINE (Hydrated Oil) is not a simple alkaline emulsion of oleum morrhuæ, but a hydro-pancreated preparation, containing acids and a small percentage of soda. Pancreatin is the digestive principle of fatty foods, and in the soluble form here used, readily converts the oleaginous material into assimilable matter, a change so necessary to the reparative process in all wasting diseases.

The following are some of the diseases in which HYDROLEINE is indicated:

Phthisis, Tuberculosis, Catarrh, Cough, Scrofula, Chlorosis, General Debility, etc.

TO BRAIN WORKERS of all classes, **HYDROLEINE** is invaluable, supplying as it does, the true brain-food, and being more easily assimilated by the digestive organs than any other emulsion.

The principles upon which this discovery is based have been described in a treatise on "The Digestion and Assimilation of Fats in the Human Body," and "Consumption and Wasting Diseases," by two distinguished London physicians, which will be sent free on application.

SOLD BY DRUGGISTS GENERALLY.

C. N. CRITTENTON,

SOLE AGENT FOR THE UNITED STATES. **115 FULTON STREET, N. Y.**

A Sample of Hydroleine will be sent free upon application, to any physician (enclosing business card) in the U. S.

Armour's Essence of Pepsin

Is palatable and permanent. Each teaspoonful contains 1 1-2 grains of our Pure Scale pepsin (1:2500). This elegant and highly active preparation renders the administration of pepsin entirely satisfactory both to physician and patient. Samples on application.

Ergotine Comp. (Dr. Reeves) ..... Med. properties—Sedative, Parturient Dose, 1. Ergotine, 3 grs. Ext. Cannab. Ind., 1-4 gr. Ext. Belladon., 1-4 gr.	1 75	8 50

Superior to Pepsin of the Hog.

INGLUVIN

(FROM THE VENTRICULUS CALLOSUS GALLINACEUS)

A Powder:—Prescribed in the same manner, doses and combinations as Pepsin.

A most potent and reliable remedy for the cure of

Marasmus, Cholera Infantum, Indigestion, Dyspepsia and Sick Stomach

It is superior to the Pepsin preparations, since it acts with more certainty, and effects cures where they fail.

A SPECIFIC FOR VOMITING IN PREGNANCY

In Doses of 10 to 20 Grains.

PRESCRIBED BY THE MOST EMINENT PHYSICIANS IN EUROPE AND AMERICA.

IMPERIAL GRANUM.

IMPERIAL GRANUM is one of those carefully and conscientiously prepared foods that never disappoint the doctor in its administration. We have never seen a stomach that could not retain it, no matter how inflamed it might be. It will at once be seen what a valuable aid this is to the physician in the treatment of all graver forms of gastric diseases.—*The Prescription, Feb. '91.*

FOR several years we have used and prescribed IMPERIAL GRANUM, both in private and hospital practice, and have not as yet recorded a single case of failure to obtain the most satisfactory results. Especially is it serviceable in our hospital wards, and its uniformity may always be relied upon.—*Ensworth Hospital, St. Joseph. Mo. May 15, 1891.*

IMPERIAL GRANUM.—The greatest possible care is used in its manufacture, as we can testify, having visited the factory. Absolute cleanliness prevails, and the greatest care is taken to have the product absolutely uniform.—*The Christian Union, New York, July 4, '90.*

IMPERIAL GRANUM is a food that has attained a high and standard reputation by the merit of actual use for a long period of time.—*Medical Summary, Philadelphia, Pa., July, '88.*

IMPERIAL GRANUM is very highly recommended and endorsed by the best medical authority in the country, and deserves a trial at the hands of the profession.—*North American Practioner, Chicago, Ill., July, '91.*

IMPERIAL GRANUM is a good and well made powder of pleasant flavor * Contains no trace of any impurity.—*The Lancet, London, Eng., July 13th, 1890.*

IMPERIAL GRANUM is acceptable to the palate and also to the most delicate stomach AT ALL PERIODS OF LIFE.—*Annual of the Universal Medical Sciences, '90.*

IMPERIAL GRANUM is an invalid food of unrivalled purity, very palatable, and of especial value in typhoid fevers, inanition, and enteric troubles generally. Its sale is world wide.—*The Homeopathic Recorder, Philadelphia, Pa., May, 1890.*

IMPERIAL GRANUM has stood the test of many years, and has not been displaced by any food yet introduced, while many competing kinds of prepared foods have come and gone, and have been missed by few or none. But this will have satisfactory results in nutrition far into the future, because it is based on merit and proven success in the past.—*The Pharmaceutical Record, New York, March 19, 1891.*

IMPERIAL GRANUM—"Of the preparations so varied and so highly commended by those who put them on the market, IMPERIAL GRANUM seems to hold the first place in the estimation of medical observers.—*New York Medical Record, Vol. 13, No. 23.*

IMPERIAL GRANUM is a prepared food that has acquired a very high reputation for its nutritive and medicinal excellence, and we have found it adapted to very young children as well as adults—in fact, we have used it successfully with children from birth.—*The Post Graduate Journal, New York, April, '90.*

SOLD BY DRUGGISTS. **Shipping Depot, JOHN CARLE & SONS, New York.**

CH. MARCHAND'S

PEROXIDE OF HYDROGEN

(MEDICINAL) H_2O_2 (ABSOLUTELY HARMLESS.)

Most powerful bactericide and pus destroyer.
Endorsed by the medical profession.
Uniform in strength, purity, stability.
Retains germicidal power any length of time.
Taken internally or applied externally with perfect safety.

Send for free book of 72 pages, giving articles by the following contributors:

DR. JOHN V. SHOEMAKER, Professor of Materia Medica, Pharmacology, Therapeutics, and Clinical Professor of Diseases of the Skin in the Medico-Chirurgical College of Philadelphia, Pa. "Peroxide of Hydrogen." *Materia Medica and Therapeutics*, Vol. II., 1891.

BAILEY
Current Regulator.

For Regulating the Strength of Current, or Dosage.

This NEW INSTRUMENT perfectly supplants the Switch board or Cell Selector as a means of modifying the current

It is far better; also cheaper. It imposes EQUAL WORK upon all the cells of the BATTERY.

CURRENT REGULATION IS PERFECT.

From full strength of the battery down to a current so feeble as to be imperceptible to the most sensitive organ, and this without any possibility of breaks in the circuit or sudden shocks to the patient; a most important feature, as all physicians know who use electricity in their practice.

With the REGULATOR there is a saving in the number of wires leading from the battery, as only two are necessary. Write us for catalogue of Electro-Therapeutical goods.

LAW BATTERY CO.,
85 John Street, N. Y.

A REFRESHING TONIC AND RECONSTRUCTIVE.

While the most prominent use for the Hypophosphites of Lime and Soda is in the treatment of Consumption and Scrofula, in which its tonic and tissue-building properties render it particularly efficacious, yet it has other and quite varied uses, based upon these same properties. One of the most marked of these is its use as a tonic reconstructive in hot weather.

Many persons have fair health during the cooler months of the year, yet suffer greatly from debility during the long, hot summer. The relaxing effects of the heat itself, besides the loss of the salts of the tissues, through the excessive colliquative perspiration, prove exceedingly depressing to the vital powers. Not only is this condition of extreme debility very depressing in itself, but it also predisposes the victims to attacks of disease which they would otherwise be able to resist. Thus, during the heated term, we have a long list of protracted, exhaustive fevers, for the fatal issue of which the extreme debility of the patients is largely responsible.

In all this we may see another demonstration of the value of the phosphorus salts of lime and soda as tonic and vitalizing agents in the animal economy, and also a definite clue to the proper remedy for the condition described, as these tissue-salts are largely wasted in excessive perspiration. This remedy is the pure Hypophosphites of Lime and Soda. By its tonic properties, refreshing, revitalizing, and invigorating the entire system, it restrains the excessive perspiration, and the consequent waste is checked. But it also furnishes the system with healthy tissue-food to replace with new and vigorous cells the necessary waste incident to the ordinary physiological processes. Thus the system is kept all the time up to a prime condition of physical strength and mental exhilaration, and germs of disease find little encouragement for invasion.

It would be advisable that those who "do not bear hot weather well" should resort each year to a course of the Hypophosphites of Lime and Soda, and thus fortify the system against *certain* exhaustion and *possible* malignant disease. Direct them to put a teaspoonful of McArthur's Syrup occasionally in a glass of cold water, as a drink, and the "insatiable thirst" will be more easily relieved. Recommend this, also, to your consumptive and scrofulous patients, and those afflicted with diseases characterized by exhausting dis charges and great debility, and they will report the summer as the most refreshing season they have ever passed. The McArthur Hypophosphite Co., Boston, Mass., will send upon request, to any physician not familiar with McArthur's Syrup, a full sized bottle, by express, without expense, save the express charge; also interesting matter about the value and uses of the Hypophosphites.

Farbenfabriken vorm. Friedr. Bayer & Co.'s
Pharmaceutical Specialties

PHENACETINE-BAYER

Antipyretic
Analgesic, or
Anodyne

PHENACETINE-BAYER IS A TRUE AND DISTINCT ORGANIC DERIVATIVE, not a mechanical mixture. It is indicated in influenza (la grippe), in all fevers, with or without pain, rheumatism and rheumatoid maladies, neuralgia, bronchitis, phthisis, pertussis, and the gastralgias. Phenacetine-Bayer acts promptly, and is both safe and effective. It is supplied in ounces, tablets and pills.

SULFONAL-BAYER

Hypnotic
Antineurotic
Nerve Sedative

INSOMNIA OF ALL KINDS YIELDS PROMPTLY TO SULFONAL-BAYER. It is useful in simple insomnia and in the cerebral disturbances of insanity. It is a pure hypnotic, a safe and effective remedy, and it does not give rise to a drug habit. As its action is slower than that of the narcotics, it must be administered properly (*see pamphlet*). Sulfonal-Bayer is supplied in ounces, tablets and pills.

EUROPHEN

(A CRESOL-IODIDE IODOFORM SUBSTITUTE)

Antiseptic
Antisyphilitic
Local Stimulant

AS A SUBSTITUTE FOR IODOFORM, Europhen is winning an enviable place in therapeutics. It has a special value in specific lesions; while as a surgical dressing in ulceration, open wounds, and septic conditions of the cavities, it has given excellent results. It is supplied in ounces. Europhen-Aristol, a combined product consisting of equal parts of each medicament, is also supplied in ounces.

ARISTOL

(A THYMOL-IODIDE IODOFORM SUBSTITUTE)

Antisuppurative
Antiseptic
Cicatrisant

THE VALUE OF ARISTOL in all the morbid conditions formerly treated by iodoform is widely recognized. In all external traumatisms, in cavital lesions and in many of the dermatoses it has given very satisfactory results. As a surgical application, it is safe, inodorous and non-toxic. Aristol is supplied in ounces. Europhen-Aristol, a preparation consisting of equal parts of each medicament, is also supplied in ounces.

DESCRIPTIVE PAMPHLETS FORWARDED ON APPLICATION.

W. H. Schieffelin & Co., New York.
